

MEd in Reading – Dyslexia Interventions

It is estimated that 1 in 5 children could potentially struggle with dyslexia today. This program will enable students to obtain a Master's Degree in Reading with specialized qualifications in Dyslexia Interventions. Educators, educational professionals, parents, and speech and language professionals will be guided to further understand structured literacy approaches in curriculum, instruction, and assessment. The literacy professional will learn evidence-based programmatic research to match the specific needs of individuals challenged with spoken and written language.

If you are a certified teacher, the MEd in Reading – Dyslexia Interventions program can lead to certification as a Reading Specialist.

Edinboro University accepts employer benefit plans through arrangements with the Bursar's Office by completing the enclosed employer tuition reimbursement agreement.

Veterans' Education Benefits: Information and printable forms regarding Veterans' Education Benefits and the Montgomery GI Bill are available at the Department of Veterans Affairs website, <http://www.gibill.va.gov/>.
